COMMISSIONERS' REPORT

To The Citizens of Sullivan County:

1969 has been a real working year for all county officials and many good county projects have been accomplished.

Surplus food distribution and welfare have been stepped up to take care of an increased number of families. New settlement laws, as well as studies by State and Federal governments, have stressed that the counties should do a more thorough job in this area.

The addition to the County Nursing Hospital in Unity has progressed faster and more successfully than was expected. It will be finished in a few more months, and this should be of great assistance to many on our waiting list.

The fire in the hay and cattle barn was a sad experience although it was completely covered by insurance. This fire has led the commissioners to request from the county extension service a complete survey of the farming operations at Unity. The question we want answered is, "does it pay the taxpayers of Sullivan County to be in the farming and land owning business?" Stanley Colby and his staff are presently doing this study.

In this year of rapid inflation we were able to operate well within our budget. Much of the credit for this accomplishment has to go to our faithful staff and all employees. To name individuals would lead to forgetting some, so the Commissioners are thanking each and every one that works for Sullivan County. We could not ask for a better group to work with.

By statute of the State of New Hampshire we are compelled to make a report each year. The above is a small part of your county history for 1969. To give you a complete report would require hundreds of pages — besides much is enclosed in this booklet.

Our aim is to make 1970 an even more successful year!

SUPERINTENDENT'S REPORT

January, 1970

To the Honorable Board of County Commissioners:

The year 1969 saw real progress being made in our new construction. The building was totally enclosed in October and during December the new oil fired heating boilers were placed in operation for heating the complete institution.

The Nursing Hospital has continued to be filled to capacity with a long list of applicants waiting their turn. The adjoining of the new addition to the present building resulted in the loss of a room which reduced our number of patients by three. Federal law made it necessary to provide a nursing station and drug room on the first floor decreasing our male census by two patients.

The use of the House of Correction and Jail facilities remain about the same with a younger population. Some progress has been made in rehabilitation and the use of volunteers in this area. The men have taken advantage of Adult Basic Education and courses which have been available at the New Hampshire Vocational Technical College. We have continued with our work release program and find this beneficial.

The farming operation for the past year continued as usual. We suffered a great loss when a fire destroyed our hay storage and eighteen head of livestock. A committee has been formed to study our farming program and make recommendations for future considerations.

We want to thank the many volunteers and the various groups and organizations who have provided entertainment, gifts, etc. to the residents of the Nursing Hospital.

In closing we want to express our thanks and appreciation to our county commissioners, the sheriff and his department, our county attorney, Dr. Stearns, Mrs. Waldo, our chaplains, and all our personnel for their support and interest which make it possible to operate the Sullivan County Home and Nursing Hospital.

PHYSICIAN'S REPORT

To the Commissioners of Sullivan County:

It is a great satisfaction to see the progress being made on the new hospital and to realize that we shall soon be able to admit many new patients.

During 1969, we had 24 admissions and 26 discharges.

I would like to express my thanks to the County Commissioners, Mr. Ahern, our hospital administrator, and Mrs. Ahern, our matron, and to Mrs. Lucile Waldo, RN, Director of Nursing Services, and her highly capable staff of nurses. They have all done a wonderful job. So have all the nurse aides and all the boys and girls of the Voluntary Service Group. Finally we thank the members of our Consulting Staff, especially Dr. Robert Maxfield and Dr. Alberto Miyara and Mrs. Betty Brenner of the Claremont General Hospital Laboratory Staff.

Respectfully submitted,

CARL M. STEARNS, M.D.

Chief of Staff

THE SULLIVAN COUNTY MENTAL HEALTH ASSOCIATION

December 31, 1969

To the Commissioners of Sullivan County:

The Sullivan County Mental Health Clinic entered its third year of operation with a steadily increasing demand from the community for its services, but because of budgetary limitations it was unable to make commensurate increases in the services available.

The number of patients carried over in continuing treatment from 1968 was 88 as compared to 37 the previous year. Two hundred new patients were seen during the year and by October the number of patients in treatment on a continuing basis had increased to over a hundred.

This increase in treatment caseload resulted in a more prolonged waiting list, with non-critical patients often having to wait two to three months for diagnostic evaluations and several more months for treatment service. The Clinic also had to terminate contracts with the schools and Head Start for regular monthly consultation hours, and put their referrals on the same waiting list basis as other prospective patients.

Although referrals to the Clinic continue to include a high incidence of serious disturbances and crisis situations requiring emergency help, there have been some changes in patient categories and in types of treatment. The ratio of child patients to adults has steadily increased from an initial 40-60 to 60-40.

While it is gratifying that help is thus being sought before disturbances become more severe and deeply entrenched, this increase in child cases also makes heavier demands on staff time because parents of children under 18 are usually seen on as frequent a basis as the children. In order to alleviate the staff shortage as much as possible and to make wider use of treatment time the Clinic is utilizing family therapy whenever it is appropriate, and is initiating group therapy with parents of children with similar problems.

The Clinic was fortunate to receive an increase in the County contribution to its 1969 budget. However, the State was unable to provide matching funds on the customary 2 to 1 basis and its contribution to the Clinic budget was limited to approximately one-half of

the funds requested. Therefore, the urgent need for additional staff could not be met except minimally through the replacement of the part-time (three days a week) social worker, who resigned in May, by a full-time social worker two months later.

Although the most frequent referral source continues to be the family doctor, the percentage of self-referrals has increased and a new source, referrals by former patients, has become the third most frequent category, reflecting a growing awareness and acceptance of the need for mental health services by the community. It also underlines the necessity for the Clinic to be able to provide increasing services to meet the increasing demands.

WILLIAM B. DITTMER
President

CATHOLIC CHAPLAIN'S REPORT

As chaplain of the County Home, I've tried to become as available as possible for the residents there. One of my main objectives was to try to work closely with the staff. I feel that all of us can benefit by this type of cooperation. The Aherns have been a big help.

As for the elderly people, we celebrate Mass once a month, and I drop in for confessions a day or so before this. During the course of the month if there were any special problems, I would stop in. Also, when time permits, I drop in for an informal visit.

As regards the House of Correction, I drop in one evening a week. I try to visit and talk with all the people there. I think a lot more could be done. And if a more intensive program is begun, such as group work, I think the chaplain should definitely be included. Some of these fellows would never go back to prison if they had the right help to get a good start. Here again, I've appreciated cooperating with the Aherns in this very important work.

Sincerely,

REV. ROBERT CHAMPAGNE
Catholic Chaplain

REPORT OF PROTESTANT CHAPLAIN FOR 1969

Once again the end of the year brings an opportunity for the Chaplain to express his appreciation to his friends and fellow-workers at the Sullivan County Home. It has been a pleasure and privilege to know well those cheerful and valiant pilgrims who live there, and to be associated with the capable and devoted persons who make up the staff of this fine service institution.

The pattern of one or two weekly visits by the Chaplain has followed that of recent years, with worship services consistently on Saturday evenings, which has been varied now and then by guest speakers and choir groups from the Cornish Church. Devotional materials such as the "Home Prayers" and "Upper Room" have been furnished for all who desired them. Occasionally other literature and magazines have been made available.

The Chaplain wishes to thank the Rev. Newell Bishop and others of the Charlestown Congregational Church who have provided Communion Services periodically Sunday afternoons; also many other groups and organizations who have brought musical programs and entertainment, which adds greatly to the happiness of the residents.

Again, my thanks and best wishes to all.

Respectfully submitted,

ALVAN BARRUS, Chaplain

The work load in the sheriff's department has greatly increased in the number of breaking and entering complaints and complaints of fraud in the area of bad bank checks. Also the increase in the use of drugs has kept us very busy on this subject alone. Consequently,

SHERIFF'S REPORT (Continued)

the hours worked by your sheriff and full-time deputy are increasing beyond the hours I can ask him to work for the amount now paid him. I will ask for a substantial increase in his pay which will be necessary to retain him.

On January 12, 1970 a survey of the department's radio equipment was made by General Electric under the auspices of the Governor's Crime Commission. I believe that the Federal Government will do part of the funding for an up-to-date radio system.

I wish to thank our County Attorney, Charles V. Spanos for his sound advice and counsel over the past year. Also, I wish to thank the County Commissioners, my deputies and all law enforcement officials of the County for their wonderful cooperation.

Respectfully submitted,

JOHN W. McCUSKER

Sheriff

REPORT OF COUNTY ATTORNEY

December 31, 1969

The Commissioners of Sullivan County
Newport
New Hampshire

Gentlemen:

The following is my report to you as Sullivan County Attorney for the year 1969, relative to matters handled by this office during the course of the year.

The year 1969 showed an increase in the crime rate in Sullivan County, however, not, in my opinion, an alarming increase. The increase is noted mostly in the area of Burglary cases. It is interesting to note that these types of crimes have fallen off dramatically in the past three months, even below the usual rate.

In 1969, this office represented the State and County in the following matters:

There were (40) prosecutions for Burglary (many of these committed by the same persons); (4) Larceny by check; (3) Statutory Rape; (2) Reckless Driving Resulting in Death; (4) Aggravated assaults; (7) Grand Larceny; (2) Robbery; (1) Unnatural and Lascivious Acts; (2) Receiving Stolen Goods; (1) Illegal Possession of Weapon; and (10) Possession of Marijuana.

This office processed (27) cases under the Uniform Reciprocal Enforcement of Support Act; (18) Appeals to the Superior Court and a number of misdemeanors in our District and Municipal Courts.

The Dunham Murder Case has not been solved as yet, however, the people of our County should know that the investigation still continues and will continue by this office, the Sheriff and Chief of Police of Charlestown until we apprehend and convict the person responsible.

Respectfully,

CHARLES V. SPANOS
Sullivan County Attorney
